EXPERIENCE

Creative Designer at NoGood

↳ March 2024 - present / New York, NY

Lead designer on fast-paced, client-facing projects, crafting high-impact digital ads, dynamic websites, and scroll-stopping social media content. Drive data-informed creative performance while collaborating with clients and a multidisciplinary team to deliver innovative, results-driven marketing solutions.

Designer at Northeastern University (Office of the Provost)

↳ May 2023 - March 2024 / Brooklyn, NY

Lead creative ideation and execution for high-profile university initiatives, elevating the institution's visual presence. Mentor and empower design interns, fostering creative confidence and meaningful project contributions. Collaborate across departments, ensuring brand consistency across various channels.

Design Lead at EXP Makerspace

↳ December - May 2022 / Brooklyn, NY

Implemented a comprehensive brand strategy for an innovative community center for students at Northeastern University. Developed and maintained relationships with stakeholders, staff members and students to ensure the successful roll-out of the brand identity through promotional assets, community-building initiatives and spatial design.

UX Designer at BeSpotted

↳ June 2022 - February 2023 / Boston, MA

Developed compelling digital experiences for multiple petcare companies through wireframes, user flows, and interactive prototypes on Figma to bring the company's objectives to life. Collaborated with developers for a successful hand-off of assets and UI documentation.

Design Co-op at Ogilvy

↳ January - June 2022 / Cambridge, MA

Created strategic social, web, print, and cross-channel campaign content for a roster of 20+ unique biotech and healthcare companies. Collaborated with the creative team to determine and implement brand best practices through extensive visual identity research and development with both in-depth guides and practical reference materials and templates.

Conference Lead at Scout

↳ August 2021 - May 2022 / Boston, MA

Led and empowered a team of 20 students on design, development, UX and marketing teams to organize a one-day student-run design conference. Directed weekly meetings, facilitated weekly sprints and provided overall creative direction of the event's visual identity through all formats; digital, print and experience.
